

## Environmentally Responsible

**Sustainability** – Our farmers practice sustainable methods and only harvest sea buckthorn once it has reached maturity. Only the minimum number of branches and leaves necessary are removed, leaving the majority of the plant intact to continue to grow for the next season's harvest. This allows for healthy trees and sustainable income for the farmers.

**FSC/SFI** – Whenever possible, we always choose to use Forest Stewardship Council (FSC) or SFI certified paper for all of our company literature and labels. FSC and SFI were developed to push for responsible management of the world's forests as a sustainable resource.

**Fair Trade** – With the recent surge of interest in sea buckthorn worldwide, this super fruit has become a source of income and prosperity for local farmers in the Tibetan Himalayan region. They now have opportunities to serve a global market with the highly desired sea buckthorn berries.

**Going Beyond** – Sustainable harvests and fair pay for workers are just the beginning. In 2011, SeabuckWonders partnered with the local government to plant 500,000 sea buckthorn trees in an erosion-plagued area of Tibet. Sea Buckthorn is a very hearty shrub and a natural defense against erosion from wind and water. This long-term effort will save the rapidly eroding land, as well as provide future employment to local farmers.

## The SeabuckWonders Advantage

- The Sea Buckthorn Experts Since 1993
- USDA Certified Organic Himalayan Sea Buckthorn
- Highest Natural Omega-7 Content on the Market
- Fair-Trade, Environmentally Conscious
- Non-GMO, Kosher Certified, Third-Party Tested

## Unparalleled Quality

SeabuckWonders prides itself on our meticulous process of sourcing only the finest sea buckthorn available from the pristine Himalayan mountain region of Tibet. This has resulted in a tested minimum of 30-35% Omega-7 content in our berry oil, the highest currently available on the sea buckthorn market. Our sea buckthorn oils are also fully certified USDA organic, the most trusted organic certification in America.

## The Rare Omega-7

- Promotes healthy and moisturized skin, hair, and nails at a cellular level. Our tissue actually contains Omega-7, which, when restored, either topically or internally, nourishes and balances these tissues for a youthful and shiny glow.
- Supports a healthy gastrointestinal and digestive system from start to finish. This fatty acid coats and nurtures mucous membranes starting in the oral cavity and continuing all the way through the digestive tract, alleviating discomfort and balancing digestive functions.
- Supports a proper inflammation-response throughout the body and reinforces the body's natural lubrication system. According to an Australian scientific study of Omega-7 conducted in the mid 1990's, this fatty acid may even help manage weight and balance fat stores.

## Sea Buckthorn The New "Super Fruit"

Sea Buckthorn is making a splash in the natural health care industry due to its excellent benefits for the entire body, inside and out. It has been featured three times on the *Dr. Oz Show*, earning itself the title "Miracle Berry".

Legend has it that ancient Greek warriors sent their wounded horses free after battle to have a natural death. They were astounded when the horses returned full of health, energy, and with beautiful shiny fur. It was traced to the sea buckthorn tree shrubs, which give the berry its botanical name, Hippophae Rhamnoides L, or "trees that make horses shining." The fruit's effective use is recorded historically in ancient China and Central Asia where it was used to maintain excellent health and vigor for both men and horses. In modern times, Russian cosmonauts have used it during space exploration and it was the official drink for the Beijing Olympics.

Although this superfruit has been cherished for thousands of years in many medical traditions, today its real benefits are apparent. It is simply a nutritional bombshell.

- Omega 3, 6, and 9
- The rare Omega-7 fatty acid
- Over 190 phytonutrients
- 10 times more Vitamin C than oranges
- 3 times more Vitamin A than carrots
- Highest Vitamin E content among fruits
- 6 times more Beta-Carotene than pumpkins
- 5 times more Superoxide Dismutase (SOD) than Ginseng
- And much more!

Both internally and externally, Sea Buckthorn oil has an extensive range of uses on the cellular level. This wonder berry has wide applications in cerebral-cardiovascular, liver, gastrointestinal, urinary, gynecological and immunological health, as well as skin health. Daily use may help keep you young and healthy inside and out.

## Our Supplements

### SeabuckWonders was the first

company to bring Sea Buckthorn products to the United States. We have traveled around the world in search of the best quality Sea Buckthorn berries which are exclusively harvested from the pristine Tibetan region where high altitude and the harsh environment have equipped the Sea Buckthorn with extraordinary biodefense mechanisms with numerous life-giving nutrients, such as the rare Omega-7. Our 100% pure Sea Buckthorn oil contains up to 30-35% Omega-7, the highest concentration known in the natural world, providing the best results this amazing super fruit can offer.

- Made from 100% Pure, USDA Certified Organic Sea Buckthorn Oil
- Kosher Certified
- Non-GMO, Gluten-Free

### Sea Buckthorn Berry Oil Intensive Cellular Care

A rich supply of Omega-7 (30-35%), vitamins E and A, and the presence of the legendary SOD (superoxide dismutase), among other valuable nutrients, make this product invaluable for your health and beauty routine. Omega-7 is hailed as a special nutrient that may protect, replenish, moisten and restore the skin and mucus membranes that line the digestive and urogenital tracts. The synergistic effect of the above nutrients with hundreds of others makes berry oil a very effective beauty and age-defying product that is good for skin, gastrointestinal and urinary health, as well as hair and nails.

- Maximum Omega-7 for skin, hair and nail health
- Cell membrane nurturing
- Gastrointestinal and liver health
- Dental and gum health
- Healthy inflammation response
- For both internal and external use
- Super critical extract
- Available in .45 fl. Oz. (13ml) and 1.76 fl. oz. (52ml)

### Sea Buckthorn Seed Oil Optimum Potency

High content of Omega 3, 6, 9, vitamins A and E, and numerous nutrients, including unsaturated fatty acids and minerals, makes this product very unique. The synergistic effect, like that of all seeds of plants, is extremely regenerating and potent. Whether you want to maintain or improve your health, if your target is your immune system, heart, brain, liver, skin or white blood cell count, it will work for you. The abundance of strong antioxidants and other bioactive factors may provide essential protection against hostile elements, such as free radicals.

- Powerful antioxidant and immune support
- Cardiovascular and liver health
- Healthy inflammation response
- Super critical extract
- For both internal and external use
- Available in 1 fl. oz. (30ml) and 60 softgels / 500mg each

### Sea Buckthorn Oil Blend / Omega-7 Complete™ Wide Spectrum Support

Our Sea Buckthorn oil has the highest concentration of Omega-7 on the market. This product combines berry oil and seed oil, so you get all sea buckthorn has to offer. Among essential fatty acids, you find Omega 7, 9, 6 and 3. It supplies high concentrations of vitamins C, E, B1, B6 and beta-carotene. Combination ratio among the more than 190 bioactive elements coincides with what our body needs. This oil blend provides a very wide spectrum of support for good health.

- Super critical extract of seed oil and berry oil
- Skin, gastrointestinal, heart and liver health
- Powerful antioxidant and immune support
- Healthy inflammation response
- Available in 60 and 120 softgels / 500mg each

SEABUCKWONDERS

### Secrets to Our Advanced Skincare

Most skincare companies treat sea buckthorn as another trendy ingredient to add to their products, but seldom do they truly understand that the right amount and the right combination of sea buckthorn oils make all the difference. This is the driving force behind our decision to make our own line of skincare products.

**1st Secret** - Identify the optimal concentration of sea buckthorn oil. We source our own sea buckthorn berries while making sure that our sea buckthorn is certified organic, 100% pure and the best quality available. This allows us to add as much sea buckthorn oil as possible while maintaining a reasonable price.

**2nd Secret** - Determine the right combination of sea buckthorn oils for maximum results. With their different nutritional profiles, the right amount of seed oil and berry oil is key to creating optimal benefits. After three years of countless trial and error, we believe we have found that balance.

As a result, you'll notice when using our skincare products that they have a bright orange color due to the high level of sea buckthorn oil and the beta-carotene (an antioxidant) found in the berry oil. This is to help make your skin healthier, radiant, and beautiful.

## Our Skin Care

### More Sea Buckthorn Equals

More Health and Beauty Benefits. This intense concentration of sea buckthorn makes SeabuckWonders the superior product line for skin healing and beauty enhancement.

- High Concentration of Organic Himalayan Sea Buckthorn
- Vegan, Non-GMO
- Naturally scented with essential orange oil
- Infused with Omega 3, 6, 7 and 9
- Paraben-free, Dairy-free, Wheat-free, Cruelty-free, and Gluten-free
- For all skin types

### Sea Buckthorn Facial Cream

Sea Buckthorn Facial Cream supports a healthy moisture balance deep within the skin. This hydrating, yet lightweight, formula absorbs quickly and nurtures the skin for a soft, smooth complexion. Utilizing the superb age-defying properties of sea buckthorn oil, SeabuckWonders Facial Cream minimizes fine lines, while protecting the skin from the damaging effects of the sun and environmental pollutants.

- Moisturizes and rejuvenates
- Supports skin cell functions
- Protects against visible signs of UV-induced stress
- Enhances skin tone and texture
- 1 fl. oz. (30ml)

### Sea Buckthorn Body Lotion

Intensely moisturizing, Sea Buckthorn Body Lotion rejuvenates and replenishes the skin's natural balance, softening and nourishing for silky, touchable skin. Its high concentration of sea buckthorn oil allows for superior moisture retention while protecting the skin from signs of aging and the effects of exposure to the sun.

- Moisturizes and protects
- Supports skin cell functions
- Protects against visible signs of UV-induced stress
- 6 fl. oz. (180ml)

### Sea Buckthorn Exfoliating Facial Cleanser

Sea Buckthorn Exfoliating Facial Cleanser cleans skin gently, yet effectively, without stripping the skin of its natural oils. It exfoliates to remove dirt and impurities, while hydrating skin for a smooth, clear complexion. Unlike many other facial cleansers, SeabuckWonders Exfoliating Facial Cleanser is ideal for all skin types that will benefit from its remarkable nutritional properties, leaving skin feeling clean, balanced, and beautiful. This invigorating cleanser is an excellent first step in any skin care routine.

- Enhances skin tone and texture
- Gently exfoliates and detoxifies
- pH-balanced for all skin types
- 4 fl. oz. (120ml)

### Sea Buckthorn Deep Hydrating Serum

Sea Buckthorn Deep Hydrating Serum nourishes and supports cell regeneration to minimize fine lines and help maintain a youthful, healthy glow. This serum is ideal for all skin types and is highly effective, yet it will not leave your skin oily or irritated. SeabuckWonders Deep Hydrating Serum is an important part of your everyday skincare routine and will leave you with smooth, radiant skin.

- Replenishes and rejuvenates
- Supports collagen production
- Helps maintain skin's moisture balance
- 1 fl. oz. (30ml)
